THE FAIR AT YPSILANTI.—The Eastern Michigan Agricultural and Mechanical Society holds their fair this year at Ypsilanti. It begins Tuesday next and continues three days. The fairs of this Society have always been of the first order. The show of machinery, manufactures and works of art and taste will this year be unusually large. The premium list is a very liberal one. The commendations of this Society are held in such esteem by exhibitors that much rivalry has existed to secure its prizes. All this will tend to make the show one of the most successful of the season. In the line of live stock—horses, cattle and sheep—the entries are large and comprise some very fine animals. Among these is the horse "Symmetry," described as being a most beautiful animal.

The Secretary, Samuel Post, is very assiduous in his efforts to make the show one of the best ever held in Eastern Michigan.
